Annual Governance and Accountability Return 2019/20

The Board have answered “No” to assertion 4, as shown below, on the Annual Governance Statement 2019/20 due to an error in the period allowed for the public to inspect the 2018/19 accounts in the 2019/20 financial year.

4. We provided proper opportunity during the year for the exercise of electors’ rights in accordance with the requirements of the Accounts and Audit Regulations.

The Board apologises for this oversight and have been extra vigilant to ensure that the correct thirty working days are allowed in 2020/21 for the 2019/20 accounts.
