LAND DRAINAGE ACT 1991 – SECTION 66 (BYELAW 17)

APPLICATION TO INSTALL LAND DRAIN OUTFALLS INTO A BOARD WATERCOURSE

Applicant name & address:	Agent name & address:
Tel No:	Tel No:
Email:	Email:
Location of proposed works: <i>(Please provide a plan)</i>	Grid Ref:
	Parish:
	Field No(s):
	No. of Outfalls:
<p>I hereby make application to the Board for consent for the above works which are detailed on the plan attached.</p> <p>I agree to accept the following Conditions:-</p> <ol style="list-style-type: none"> Where a land drain outfall enters a Board maintained watercourse it shall consist of a single three metre length of pitch fibre or rigid plastic pipe; the end of the pipe shall be laid flush with the existing batter with no protrusion, in order to facilitate mechanical flailing or mowing. The land drain outfall should be fitted with a suitably approved Kwik Fit Type GRC outfall tray, manufactured by J.K.H Drainage Units Ltd of Mildenhall, Suffolk or similar approved, in order to protect the watercourse bank against scour or slips. The Board to be absolved from any liability for any interruption to drainage by means of the land drains or any damage resulting there from. The applicant and his successors in title to make good any damage or slips in the Board's maintained banks which may result from the operation or presence of the land drains. The Board to be absolved from any suits, costs or claims arising out of the laying or operation or presence of the land drains into the Board's maintained watercourse.
